CALL FOR PAPERS or PANELS

Paper sessions are scheduled for 1.5 hours. Accepted individual paper presentations will be limited to 35 minutes, to allow time for a discussant and audience participation.

Proposals for individual papers should be 5-10 double-spaced pages, with the font no smaller than 12pt, and with 1-inch margins on four sides. Proposals should include a summary of the paper's thesis and a clear delineation of its major points, and convey a sense of the author's voice and writing style.

Proposals for panels should include two 20-minute papers on a related topic. Each paper proposal for a panel should follow the guidelines for full length papers listed above. An overview of the panel of no more than 2 paragraphs should also be included.

Authors of accepted papers are expected to present their papers in person at the conference. However, a limited number of papers from authors outside of North America who are unable to attend in person may be accepted for presentation by Zoom to Zoom attendees. Please check the appropriate box on your cover sheet if you live outside of North America and require remote presentation.

Discussants and time slots will be chosen by the Conference Planning Committee.

All papers need to be original, unpublished and not previously presented at an IAPSP conference.

Deadline to submit proposals is March 1, 2023.
Approval notices will be sent by April 15, 2023.
Final papers will be due by June 30, 2023.
